United Nurses Associations of California / Union of Health Care Professionals Endorses Fiona Ma for Lieutenant Governor

SACRAMENTO, CA — In a major endorsement from frontline health care workers across California, the **United Nurses Associations of California / Union of Health Care Professionals (UNAC/UHCP)** has endorsed **Fiona Ma** for Lieutenant Governor.

Representing more than 32,000 registered nurses and health care professionals, UNAC/UHCP is a leading voice for patient care, safe staffing, and workplace protections across the state.

“Fiona didn’t just talk about supporting working people, she proved it,” said **Charmaine S. Morales, RN, President of UNAC/UHCP**. “When UNAC/UHCP members walked the picket line fighting for our patients, safe staffing and our profession, Fiona was right there with us. That kind of solidarity is exactly what California needs in a Lieutenant Governor. On behalf of our nurses and healthcare professionals, we are proud to endorse Fiona for Lieutenant Governor.”

As State Treasurer, Ma has prioritized investments that strengthen public health infrastructure, expand access to care, and support working families. Her work financing hospitals, community clinics, affordable housing, and workforce development has helped build healthier, more resilient communities across California.

“I am honored to have the support of the nurses and health care professionals who show up every day for California,” said **Fiona Ma**. “Standing with them on the picket line was about respect for their work and their patients. As Lieutenant Governor, I will continue fighting to expand access to care, support our health care workforce, and ensure every community has the resources it needs to thrive.”

UNAC/UHCP joins a growing statewide coalition backing Ma’s campaign, including labor unions, firefighters, environmental leaders, agriculture advocates, and community organizations representing millions of Californians.

As Lieutenant Governor, Ma will build on her record by supporting policies that strengthen public health systems, protect workers, and expand opportunity across California.
