

Fiona Ma for Lieutenant Governor 2026

Proven, Principled, Problem-Solver

Campaign Newsletter | June 2026

Thank you, California.

I am deeply honored and humbled by the trust Californians placed in me in the June Primary Election. Because of your support, our campaign advanced to the November General Election for Lieutenant Governor.

I have had the privilege of visiting all 58 California counties. I listened to voters in rural communities, suburban neighborhoods, and urban centers who care deeply about California's future and want leaders who show up, listen, and deliver results.

The work continues, and I am grateful to have you with me on this journey.

CAMPAIGN MILESTONE

Victory in the June Primary

This victory belongs to the thousands of volunteers, supporters, labor members, community leaders, and grassroots activists who believed in our message and worked tirelessly to share it across California.

Our campaign faced millions of dollars in negative independent expenditures and attacks from opponents and outside groups determined to define this race. But we never lost sight of what mattered most: showing up, listening, and talking directly with Californians about the issues that affect their lives.

While others spent money on attacks, we invested in people, communities, and conversations. Together, we built one of the broadest coalitions in California politics, earning the support of more than 600 elected officials, approximately 75% of the California Legislature, more than 50 labor unions, and countless grassroots supporters throughout our state.

Most importantly, we earned the trust of California voters. **In a crowded field, voters chose a proven record of public service, experience, qualifications, and results.** They supported a campaign built on showing up, listening, and delivering—not on promises, but on a track record of accomplishment at every level of government.

To everyone who made phone calls, sent text messages, created videos, hosted events, displayed signs, talked to friends and neighbors, or simply cast a vote, thank you.

This campaign enters the next phase stronger, more united, and more energized than ever. Together, we will continue moving California forward.

CALIFORNIA

58 Counties. 1 California.

One of the most rewarding experiences of my career has been visiting all 58 California counties.

From the farms of the Central Valley to the ports of Southern California, from our mountain communities to our coastal cities, I had the opportunity to hear directly from Californians about the opportunities and challenges facing their communities.

These conversations reinforced what I have always believed: California succeeds when we invest in people, support economic opportunity, strengthen education, protect our environment, and create pathways to success for future generations.

Thank you to every community that welcomed me.
