Proven, Principled, Problem-Solver

Campaign Newsletter | September 2026

Hi Friend,

Since our last newsletter, I have continued traveling across California, participating in community, business, education and public-service events while releasing new 58 Counties. 1 California. videos and announcing additional endorsements.

I am grateful to have earned the support of U.S. Senators Adam Schiff and Alex Padilla, the California Medical Association, SEIU One Voice, Women's March Action, and additional state and local leaders. In recent weeks, I have also participated in events focused on small-business access to capital, early childhood and family policy, workforce development, Latino leadership and California's retirees.

Voting in the November 3 General Election begins soon. County elections officials will begin mailing ballots by October 5, secure ballot drop-off locations open by October 6, and the online voter-registration deadline is October 19.

I wanted to share some highlights from late August through mid-September, along with official voting information for the weeks ahead.
